11/29/18 Holly, Erin, Cheryl, Dr. Swanner, Dina, Sean, Mary's, Janet

Quality

- Jan 2017 - Nov 26 2018

- Practitioners ordering lot SD + above - Anesthesia

- only one other practitioner - Dr. Husel

- 20 cases - expired

- ✓ DNR order, who placed, per doc

order, pharm review? RN admin

- Given to Dr. Swanner 11/28

slw Ralston, Dominic - concerned re dosages

- Husel conf. giving those meds/dosages - anesth. background

- phys. stated this is his practice for Code Status 2

originates when family asks to a Code Status 2

proceeds re meds. Has had issue re prior extubations

- lack of comfort of pt.

- not trying to hasten death

- involve Dr. Santa-Emma in creating standard for

this pt. population

- asked that he remain on paid leave - legal involved

Pharm

- only reviewed 2 - documented

- what is process & doses used? even if given

- Controlled Substance - review - diversions

Husel didn't ^{re-}push back from staff

Pharm has slw Husel

Next Steps

Immunization record updated - also sent to school

A. Review all records

PR to meet - 10.12.23 * F/H middle next week

MCSA Oct 2017

pentanyl SED mg

With if one is not emergent - shouldn't be an override
policy? not to be done tonight?
